Returned to Civil War Veteran After Fifty Years.

PROFESSOR TRACES OWNER

Picked Up by Field by Soldier Who
was Married to his Regiment on
Return from War as Fly-Letter
Brought Delightful Response From Old
Soldier's Wife.

A little more than a mother's
parting gift to her soldier boy was
the "Bible" which he carried with
him on his last day of the war. It
was the "Bible" which he carried
with him on his last day of the war.
It was the "Bible" which he carried
with him on his last day of the war.

It was through Professor A. W.
Harris, of the University of
Pennsylvania, that the "Bible" was
found. Harris, who was present at
the battle of Gettysburg, had seen
the "Bible" in the hands of a
soldier who had been killed.

After the war, the "Bible" was
found in the hands of a soldier who
had been killed. The "Bible" was
found in the hands of a soldier who
had been killed.

The day before the battle, Mrs.
Harris, who was present at the
battle of Gettysburg, had seen the
"Bible" in the hands of a soldier
who had been killed.

"Give Back to Mother" was what
he said. The "Bible" was found in
the hands of a soldier who had been
killed.

Professor Harris had seen of his
father's belongings, and he had
seen of his father's belongings.

From the pension department, he
learned that the "Bible" was found
in the hands of a soldier who had
been killed.

He got in touch with the war
department, and he got in touch
